

Hello Incoming 1st Years,

A Flipgrid has been set up so you can introduce yourself to me, interact with me and ask any questions you have about life in Old Bawn Community School. There is also a Kahoot quiz to see how much you already know about OBCS.

To access Flipgrid you can either:

1. Download the app Flipgrid. Once downloaded, open the app, choose scan this QR code, hold your camera up to this code and it will automatically detect it and bring you straight to Flipgrid.
 2. Go to the website www.flipgrid.com and in the top left corner click "Enter a Flip Code". When prompted enter the code: **firstyearobcs**
- Once in Flipgrid you will see the banner "Say hello!". There is a welcome message from me, and I would love if you would introduce yourself to me by answering the 4 questions in this topic. To record your video, scroll down and click the big green button at the bottom of the screen. You will be asked to sign in using your e-mail address.
 - To the right of the banner "Say hello!" you will see in blue writing "4 Topics", click here and the drop down menu will bring you to the other 2 topics and the Kahoot quiz.
 - Please ask any questions you have about starting in Old Bawn and I will respond to them all.

If you would prefer your introduction video and/or your question video to be only seen by me, that is no problem at all. Just mention that in your video and I will keep your videos hidden from public view. No videos are visible on Flipgrid until I activate them.

- I will still answer your question publicly so everyone can see the answer as I am sure lots of you have the same questions!

So, log in, get creative with your videos and have fun with it!

See you all soon,
Ms O'Kennedy
